Car prowls are way up with over 5 reported in the last few days in SBAN. Be aware!! The police are tracking suspects in this case through an umber of SW neighborhoods. Please report all incidents as it helps the police track this rash of break-ins.

Neighborhood booklet project still moving forward, looking for input from any one interested in helping. Should synch this up with neighborhood garage sale.

We want to get some feedback from residents who want to participate as to what date works for everyone. St. Clare's' annual sale is June 24th; everyone feels it is a good idea to go with this date.
