

HNA Board Nominee - Chuck Stilson

Please accept these answers to your questions:

1. I am concerned about the hate speech incidents at Wilson High School and would like to support Hillsdale so that everyone feels welcome in our schools and in our community.
2. I've lived in Hillsdale for 35 years and have helped many people as a volunteer. I had my own company for 15 years so I understand the needs of the business community.
3. I feel strongly about road repairs, following the speed limit and supporting underserved populations in our community.
4. I walk a lot in the neighborhood every day and talk to people every day. I will solicit people's opinions during my walks and also through my large network of friends.
5. As a community, we must support Wilson students who have experienced hate speech and anti-semitism and this will be a priority of mine.
6. I perceive no conflicts of interest.
7. I have volunteered for over 30 years in my community and many of those years were in service of underserved students. I am currently volunteering at the preschool program for Neighborhood House and at the after-school Sun Community program at Robert Gray Middle School. I support Habitat for Humanity, FISH (a local organization that supports abused women and their children), and the 4H, plus many others.
